

Reserved Parking

LKSQMC provides the opportunity for its members to pay for reserved parking/pit spots around the track with power & also without power. Does not guarantee you will always have the same location each time if an out of town guest arrives with larger trailers that need to be accommodated.

- **Cost:** Annual fee of \$125 one vehicle \$150 if two vehicles (will probably need to be moved from regular spot to accommodate large rigs on Midwest Thunder race weekend)
- **Cost:** \$10 per day fee to park in a power spot that is open. This includes practice days & race days.
- LKSQMC is not responsible for lost, stolen, or damaged trailers, RVs, quarter midgets or other member property.
- LKSQMC members are responsible for keeping their reserved parking/pit area clean and free of trash and debris. (\$20 fine if your spot is not cleaned up & someone else has to clean it for you or your parking area is not kept mowed)

Please complete, detach, and return to Track Director

LKSQMC Member Name: _____

Email Address: _____

I would like to pay for a reserved parking/pit space and understand that LKSQMC is not responsible for lost, stolen, or damaged trailers, RVs, quarter midgets, or other member property. I also understand that I am responsible for keeping the reserved parking/pit area clean and free of trash and debris & mowed.
